

Company Profile

Company Profile

- **Headquartered in Ballymakeera, Cork, Ireland**
- **Leading manufacturer of oil-fired and solid fuel boilers in the UK & Ireland**
- **Over 200 employees in Ireland and the UK**

Company History

- 1979** Firebird Boilers Ltd established. Immediately commence manufacture of solid-fuel boilers
- 1980** Launch Popular range of oil-fired boilers
- 1995** Second factory built to house Trumpf metal punching system
- 1998** Open UK subsidiary
Establishes FireBlock™ division, a manufacturer of industrial fire retardant doors
- 2004** Enviromax boilers approved to SEDBUK efficiency band A
- 2007** Firebird launch Envirosol™ solar range
- 2008** Today Firebird is leading player in the UK & Irish boiler markets, with over 200 employees

Oil Product Range

Firebird manufacture over 60 different Models including...

- **Enviromax condensing boilers**
 - SEDBUK A efficiency rated
 - Kitchen, boilerhouse and outdoor models

- **Standard efficiency boilers**
 - SEDBUK C efficiency rated
 - Kitchen, boilerhouse and outdoor models

Research & Development

- **Over 25 years experience in designing oil-fired and solid fuel boilers**
- **Our design expertise ensures;**
 - Robust products with premium quality finish
 - Excellent boiler efficiency – SEBDUK band A
 - Ease of installation and service
 - Extensive product range with flexibility on options
- **In-house prototype testing**
- **All products designed using CAD and 3D modelling**

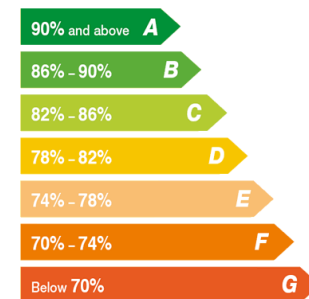

Manufacturing

- **Modern production equipment**
 - CAD-CAM
 - Robotic welding & folding
 - Trumpf turret punch presses
- **High volume paint shop**
- **Modern assembly flow-lines**
- **Product testing on every unit**
 - Boiler pressure test (4.5 bar)
 - Full electrical functionality & safety testing

Certifications

- **Manufacturing facility is ISO 9001:2000 approved since 1994**
- **All oil boilers are...**
 - CE marked
 - manufactured in compliance with EN303-4
 - tested to European efficiency directive 92/42/EEC and UK SEDBUK system

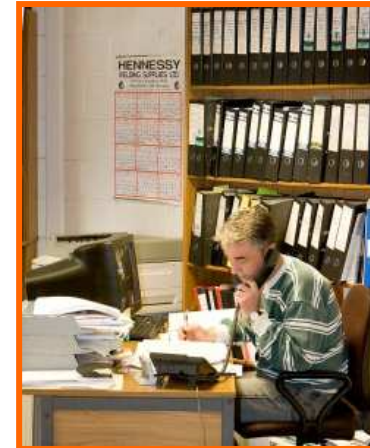

Logistics

- **Over 2,000M² of dedicated warehousing for finished goods**
- **Currently supplying to over 600 outlets in Ireland, UK, France and New Zealand**
- **Partnered with DHL Logistics**

Technical Support

- **Full technical support provided**
 - Installation manuals, drawings, brochures, trouble-shooting guides
 - All technical information available on website
- **Training programmes for sales & technical staff**
- **In UK and Ireland technical support is provided by Firebird technical support team plus a network of independent sub-contractors**

The Future

- **Ongoing development of the oil condensing range**

- **Focus on renewable energies...**
 - Solar
 - Boilers running on bio-fuels
 - Biomass; Wood Pellet

Firebirds Strengths

- **25+ years experience in designing oil-fired boilers**
Focus on oil and solid fuel technologies has ensured that UK and Irish market share has grown consistently over the last 10 years
- **Investment in modern manufacturing systems**
- **Technical support via head office, website and nationwide service network**
- **A workforce committed to providing world-class support to its distributors & customers**
